

Steering Group Member Profile

Name: Tish Lamb

Group/
Organisation: Cornerhouse (Yorkshire)
(if applicable)

Personal Statement

I have been involved in the voluntary sector for nearly 20 years either as a volunteer, a trustee or paid member of staff. I currently work for Cornerhouse, and as such have a keen interest in health and social care issues in Hull.

As part of my role I am involved in a number of strategic meetings including the Teenage Conception Task Group, sexual health modernisation forum and ONE HULL's Partnership Board. In order to make a contribution to these meetings I have to be able to read and understand a range of documents and reports. As an organisation we deliver services to a wide range of people including young people, members of BME communities, LGBT, and therefore I have a good understanding of a wide range of issues affecting all communities of Hull.

I believe it is extremely important for the communities of Hull to be able to have a say in how their health services are delivered as well as being able to feed back to the appropriate people when they feel their needs have not been met. My organisation spends a lot of time talking to our service users about whether we are delivering what they want; how we can improve, what more do they need; and I welcome the opportunity to be involved in an area that extends this to the rest of Hull.

Part of my role involves being able to communicate well with both grass roots users of services as well as consultants, area directors, public health and others within the NHS and local authority. I strive to ensure that information gathered at meetings is fed back to people and that they also have an opportunity to have their voices heard. I feel that being part of the LINK will enable me to have a broader perspective and opportunity to involve those concerned with both health and social care.
