

Steering Group Member Profile

Name: Zia Salik

Group/
Organisation: Humber All Nations Alliance (HANA)
(if applicable)

Personal Statement

I am the Programmes Manager at Humber All Nations Alliance (HANA). HANA is an umbrella infrastructure organisation which provides services to and represents Black and Minority Ethnic (BME) faith based and migrant communities in the Yorkshire and Humber region. Both personally and professionally, I have been working to ensure that the views of the BME community are taken account in service design and delivery in all areas of service provision.

I believe that it is important to feed in the views of the BME community into the LINK and also to disseminate information from the LINK to the BME community. I feel that through HANA and also through personal contact and other voluntary work, I will be able to act as a channel for communication between the LINK and the BME communities. I hope to motivate members from this community to get involved with the LINK and say how they feel about the health and social care services being provided to them in the city.

HANA is currently delivering a programme which is part of the national Delivering Race Equality in Mental Health Services agenda commissioned by the Department of Health through NHS Hull. The project is looking at the Mental Health service in the city and helping to make it more appropriate and responsive to the needs of BME communities and individuals. I feel that I will be in a good position to feed in some of the findings from this project into the LINK and look at ways in which HANA and Hull LINK can work together to address the needs of the community.

I will bring a different point of view to the LINK and would like to play an active role and make a positive contribution to help take the LINK forward.
