

Steering Group Member Profile

Name: Sam Chaney

Group/
Organisation:
(if applicable) Carers' Centre Hull

Personal Statement

I work for the Carers Centre Hull as the coordinator for the Caring with Confidence programme and also facilitate sessions on the programme. The programme consists of a series of skills and knowledge sessions designed by carers, for carers. Having worked with a wide range of carers during the time the programme has ran, I feel that I have gained an in depth understanding of the extreme diversity in issues, needs and wishes that carers have for themselves and their cared for person. Through my role within the LINK I hope to be able to represent as many of these needs as possible, in order provide a voice for this diverse and often under represented group.

I have an enthusiasm and desire for positive change and improvement to health and social care services in Hull for the residents. Having lived in and around Hull all of my life, I see the way forward to a better Hull is shared working, through organisations such as the LINK, to positively help to maintain and improve services that are already established in the area.
